509 FOR POLARIS®

**ALL-NEW DURABLE,
ULTRA LIGHTWEIGHT,
CARBON FIBER HELMET**

509® ALTITUDE CARBON

Nothing gives you more protection at a greater value than the 509 Altitude Carbon helmet. The shell construction is engineered from aircraft-grade woven carbon fiber for superior strength and protection, while its Fidlock magnetic chin straps and revolutionary neck brace ready profile guarantee comfort at every turn. Designed to fit seamlessly with 509 goggles. Removable cold weather kit for snow riding included.

CARBON MATTE | S-4XL | 2867814
CARBON GLOSS | S-4XL | 2867815

MATTE

BLUE

GLOSS

Features the all-new 509® Fidlock technology – an exclusive magnetic helmet strap system that's designed to be quicker, easier and more convenient.

509® ALTITUDE

Ride with confidence with the 509 Altitude helmet. Specially designed with a thermoplastic alloy outer shell and expanded polyurethane chin insert, the 509 Altitude guarantees safety and comfort on any terrain. Plus the included universal camera mount lets you record and share the highlights of your ride.

TORQUE HELMET

You get it all with the Torque helmet – professional style, secure protection, warmth and an engineered design that delivers clarity, air flow and all-day comfort. The fiberglass construction absorbs impacts in critical areas, while the multi-port ventilation directs air in and around your head, keeping your head cool and your goggles fog free.

POLARIS TRAIL GOGGLES

BLACK | 2867917

509® DIRT PRO GOGGLES

Clear vision is critical to your off-road performance, and the 509 Dirt Pro Goggles deliver. The large frame and lens opening means you have greater peripheral vision and a clear direct line of sight. Each lens gives you distortion free views and includes an anti-scratch and anti-fog coating. 13-port venting cycles air and prevents fogging, while the hinged strap ensures a more positive fit.

OFF-ROAD RIDING JERSEY

There's a lot more to a Polaris jersey than just looking good. The 100% polyester material with mesh-ventilated panels is designed for maximum airflow and comfort, no matter the conditions. The Lycra® stretch collar and cuffs deliver comfort and reduce arm-pump on intense rides, and the lightweight design dissipates body heat and perspiration.

WOMEN'S BASELAYER

Cut and sewn to fit a woman's body, this lightweight top features a polyester and spandex blend that is breathable and moisture-wicking. Low-profile seams offer additional comfort under your mid and top layer garments which a drop-down rear tail keeps cold from creeping in.

TOP | S-3XL | 2867795
 BOTTOM | S-3XL | 2867796

MENS LIGHTWEIGHT BASE LAYER

The key to staying warm, dry and comfortable on even the coldest winter day starts with the layer closest to your skin. Our Klondike base layer for men and women is our best first line of defense against the cold. The unique fabric is specifically designed to wick moisture away from your skin - keeping you dry and subsequently warm. The form fitting material touts a unique stitching process making it extremely comfortable against your skin and the 4-way stretch capabilities delivers maximum mobility so you can tackle rugged terrain or stay in the saddle all-day.

PERFECT FOR COLD
 WEATHER RIDING!

X-OVER JACKET

If you're the kind of rider who never knows where the next ride will take you, the Men's X-Over Jacket is built for you. The X-Over Jacket features a new quarter-zip pullover design and a lightweight DWR (Durable Water Repellent) unlined shell that sheds water to keep the rider dry. Articulated elbows and a softer, 600D Polyester fabric construction make for easier movement.
